Asphalt & Concrete Tools

All the concrete and asphalt tools you need for the major detail work of any construction job. From aluminum straightedges to mason wall scrapers, we have it right here.

Asphalt Lutes

Asphalt Lutes are built from the same alloy as our other tools and will withstand more heat and harder use. Braces are of a rounded material and will not bend under normal use. Powder coated handles with inserted rubber tips for safety.

All parts are replaceable.

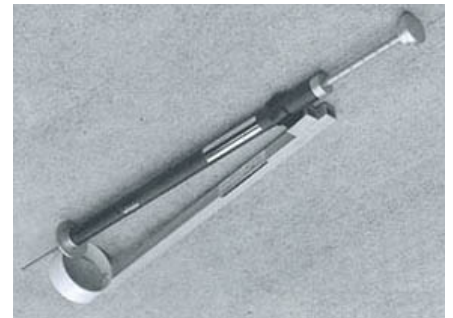

Blades are smooth on both sides or serrated on one side. SSI stocks 24", 20", and 36" blades with standard 6' handles. 7' or 8' handles are available. Extra blades are also available for purchase.

Asphalt Depth Gauge

SSI's Asphalt Depth Gauge is a great tool for the inspector on your job. There's no need to step onto blacktop for testing depth of asphalt or curb height.

The Asphalt depth gauge probe is lubricated and will not pull on asphalt or leave a large hole that the roller will not close. The lube oil will not contaminate asphalt and will clean the probe each time it is retracted back into tool.

Freedom Straightedge Handle

Bending over to drag off concrete has always been considered back-breaking work. By using the Freedom Straightedge Handle attached to a metal or wood 2x4, anyone can drag off concrete from a standing position.

One handle can be used on a 2x4 for narrow concrete pours such as sidewalks. For slabs or driveways, two handles may be used on 8'-16' 2x4's.

With the use of walking tools commonly used, such as walking trowels, bullfloats, edgers, and jointers, the Freedom Straightedge Handle, when attached to a 2x4, completes the chain that turns concrete placement into a "Stand-Up Job".

Aluminum Straightedges

Available in 4' to 20' lengths, or special order sizes (all with beveled edges and welded end caps). Straightedges are lightweight, durable, corrosion resistant, easily cleaned and hold a true edge indefinitely. Duplicating the exact size and "feel" of a wooden 2 x 4 makes this the perfect tool for straightedging concrete without the problems of warping and waste using wood straightedges or the bulkiness and weight of standard stock aluminum. Truly the cement mason's choice! Also a terrific highway checking tool. Handles and inset levels available.

Many more products are showcased on our SSI site: www.smoothroad.com

SSI Asphalt & Concrete Tools Price List

Model	Description	SSI Price
Asphalt Lute (plain edge)	24" (6' handle)	\$36.00
Asphalt Lute (plain edge)	30" (6' handle)	\$38.00
Asphalt Lute (plain edge)	36" (6' handle)	\$40.00
Asphalt Lute (serrated edge)	24" (6' handle)	\$38.00
Asphalt Lute (serrated edge)	30" (6' handle)	\$40.00
Asphalt Lute (serrated edge)	36" (6' handle)	\$42.00
Asphalt Lute w/ 7' handle		Add \$5.00
Asphalt Lute w/ 8' handle		Add \$10.00
Plain Edge Blade	24"	\$13.00
Plain Edge Blade	30"	\$15.00
Plain Edge Blade	36"	\$17.00
Serrated Edge Blade	24"	\$15.00
Serrated Edge Blade	30"	\$17.00
Serrated Edge Blade	36'	\$19.00
Handle (powder coated)	6'	\$15.00
Handle (powder coated)	7'	\$17.00
Handle (powder coated)	8'	\$19.00
Handle Braces	2	\$13.00
Asphalt Tamper	15" Blade	\$35.00
Speed Bump Lute	24"	\$169.00
Speed Bump Lute	30"	\$180.00
Asphalt Lute/24" w/Kumalong Blade	Wood Handle	\$38.00
Asphalt Depth Gauge	1	\$152.00
Wallscraper (w/7" disc & 6' handle)	1	\$73.00
Wallscraper 6' extension handle	1	\$25.00
Wallscraper-Double Disc	1	\$118.00
Disc for Wallscraper	1	\$4.50
Disc for Wallscraper	25	\$4.15 each
Joint Cleaner Carbide	1	\$198.00
Aluminum Straightedge	4'x 1½" x 3 ½"	\$49.00
Aluminum Straightedge	6'x 1½" x 3 ½"	\$70.00
Aluminum Straightedge	8'x 1½" x 3 ½"	\$101.00
Aluminum Straightedge	10'x 1½" x 3 ½"	\$116.00
Aluminum Straightedge	12'x 1½" x 3 ½"	\$131.00
Aluminum Straightedge	14'x 1½" x 3 ½"	\$145.00
Aluminum Straightedge	16'x 1½" x 3 ½"	\$159.00
Aluminum Straightedge	18'x 1½" x 3 ½"	\$171.00
Aluminum Straightedge	20'x 1½" x 3 ½"	\$187.00
1¾ x 4" Upgrade (for above straightedges)	L' x 1 ¾ x 4"	Add \$15.00
Aluminum Straightedge	12'x 2" x 5"	\$159.00
Aluminum Straightedge	14'x 2" x 5"	\$178.00
Aluminum Straightedge	16'x 2" x 5"	\$198.00
Aluminum Straightedge	18'x 2" x 5"	\$221.00
Aluminum Straightedge	20' x 2" x 5"	\$241.00
Aluminum Straightedge	22' x 2" x 5"	\$269.00
Aluminum Straightedge	24' x 2" x 5"	\$294.00
Highway Checking Tool	4' x ½" x 5"	\$82.00
Highway Checking Tool	6' x ½" x 5"	\$102.00
Highway Checking Tool	8' x ½" x 5"	\$120.00
Highway Checking Tool	10' x ½" x 5"	\$135.00
Highway Checking Tool	12' x ½" x 5"	\$145.00

Model	Description	SSI Price
Highway Straightedge (standard bracket and outriggers)	10' x 1½" x 3½"	\$236.00
Highway Straightedge (standard bracket and outriggers)	10' x 1¾" x 4"	\$276.00
Highway Straightedge (Standard bracket and outriggers)	12' x 1¾" x 4"	\$296.00
2x5 Bumper Cutter Float	6' (no Outriggers)	\$262.00
2x5 Bumper Cutter Float	8' (w/outriggers)	\$320.00
2x5 Bumper Cutter Float	10' (w/outriggers)	\$342.00
2x5 Bumper Cutter Float	12' (w/outriggers)	\$364.00
Lines 4-7 with knucklehead attached		Add \$87.00
6' Snap Handles		\$24.00
Set of 4 – 9" End Handles (for 2x5 20, 22, 24 length SE)		\$96.00
Set of 5 – 9" End Handles (for 2x5 20, 22, 24 length SE)		\$99.00
T-Bar Handles for Sidewalk Work	3, 4, 4 and 6'	\$38.00
T-Bar Upright Handles (Set of 2)	For 12' lengths	\$17.00
Offset Bracket (fits 1½" x 3 ½" SE)	Other Sizes Offered	\$96.00
Freedom Straightedge Handle (for standup straightedging)		\$98.00
Concrete Floor Edge Finishing Tool	w/Adaptor	\$126.00
Jay Hooks (for lifting wire mesh)	36" Length	\$21.00
24" Torpedo Groover	1¾" Depth Cut	\$145.00
36" Torpedo Groover	1¾" Depth Cut	\$155.00
56" Torpedo Groover	1¾" Depth Cut	\$169.00
8" End Cutter	1¾" Depth Cut	\$32.00
12" Square Finishing Groover		\$118.00
Concrete Kumalong		\$34.00
Concrete Kumalong w/Hook		\$36.00

- Prices do not include Shipping & Handling
- Sales tax applies if shipped to CA, KS, WI
